100 Words	Voyager Air 2 Plus is the high-performance media hub for your mobile life. It lets you enjoy all your media – videos, music, and photos – wherever you go, freed from the storage limitations of your tablet and smartphone. Connect wirelessly from your mobile devices, over USB to your notebook when you're on the go, and use Ethernet to share the drive on your home network. Take advantage of the AirPlay and DLNA support to connect it to your media center when you're at home. And wherever you are, the all-new app makes it easier than ever to organize and play your media and even transfer files between your Voyager Air 2 Plus and your mobile device.
